Title: Alternate Method—Automated Commercial Environment (ACE) and Partner Government Agency Message Set for Imports Regulated by the Alcohol and Tobacco Tax and Trade Bureau.

OMB Number: 1513—NEW.

Abstract: TTB administers several provisions of the U.S. Code that relate to the importation of alcohol beverages, industrial spirits, tobacco products, processed tobacco, and cigarette papers and tubes. The International Trade Data System (ITDS) is an interagency program to establish a single electronic access point through which importers and exporters may submit the data required by Federal government agencies for importation and exportation. The Security and Accountability for Every Port Act (SAFE Port Act) (Pub. L. 109–347) of 2006 mandated participation in ITDS for all agencies that require documentation for clearing or licensing the importation and exportation of cargo.

The Automated Commercial Environment (ACE) provides a “single window” that allows importers and exporters to enter one set of data for each shipment of imported or exported goods. The TTB Partner Government Agency (PGA) Message Set defines the TTB-specific information that importers may submit electronically through ACE to meet TTB requirements.

With regard to imports, TTB intends to issue an alternate method to allow importers to submit the TTB PGA Message Set electronically, in lieu of submitting paper documents to U.S. Customs and Border Protection (CBP) at importation. This information collection covers the data that would be submitted electronically through ACE under that alternate method. Most of the information that the alternate method will require importers to submit through ACE is already required by TTB’s regulations. However, there are some additional requirements. For example, importers who are required to have a TTB permit number will submit their TTB permit number when filing electronically in ACE. In general, importers of TTB-regulated commodities are required to obtain a permit from TTB, but they have not previously been required by regulation to file that number with CBP. The information collected under this information collection appears in the

“ACE Filing Instructions for TTB-Regulated Commodities” available at www.cbp.gov.

Current Actions: We are submitting this new information collection for OMB approval.

Type of Review: Approval of a new collection.

Estimated Total Annual Burden Hours: 17,049.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: May 5, 2016.
